## Our Mission

XBRL International, Inc. (XII) exists to transform the efficiency and utility of business reporting through the use of Extensible Business Reporting Language (XBRL).

# **XBRL International Inc. – the organization**

- An independent 501(C)6 tax-exempt consortium – incorporated in 2001
- A global initiative with over 600 participating organizations represented through 24 jurisdictions and a host of direct affiliations– our members
- Governed by a Board of Directors with responsibility to a stakeholder body called the International Steering Committee
- Our work is accomplished through the significant contribution of volunteers

# XBRL is Global

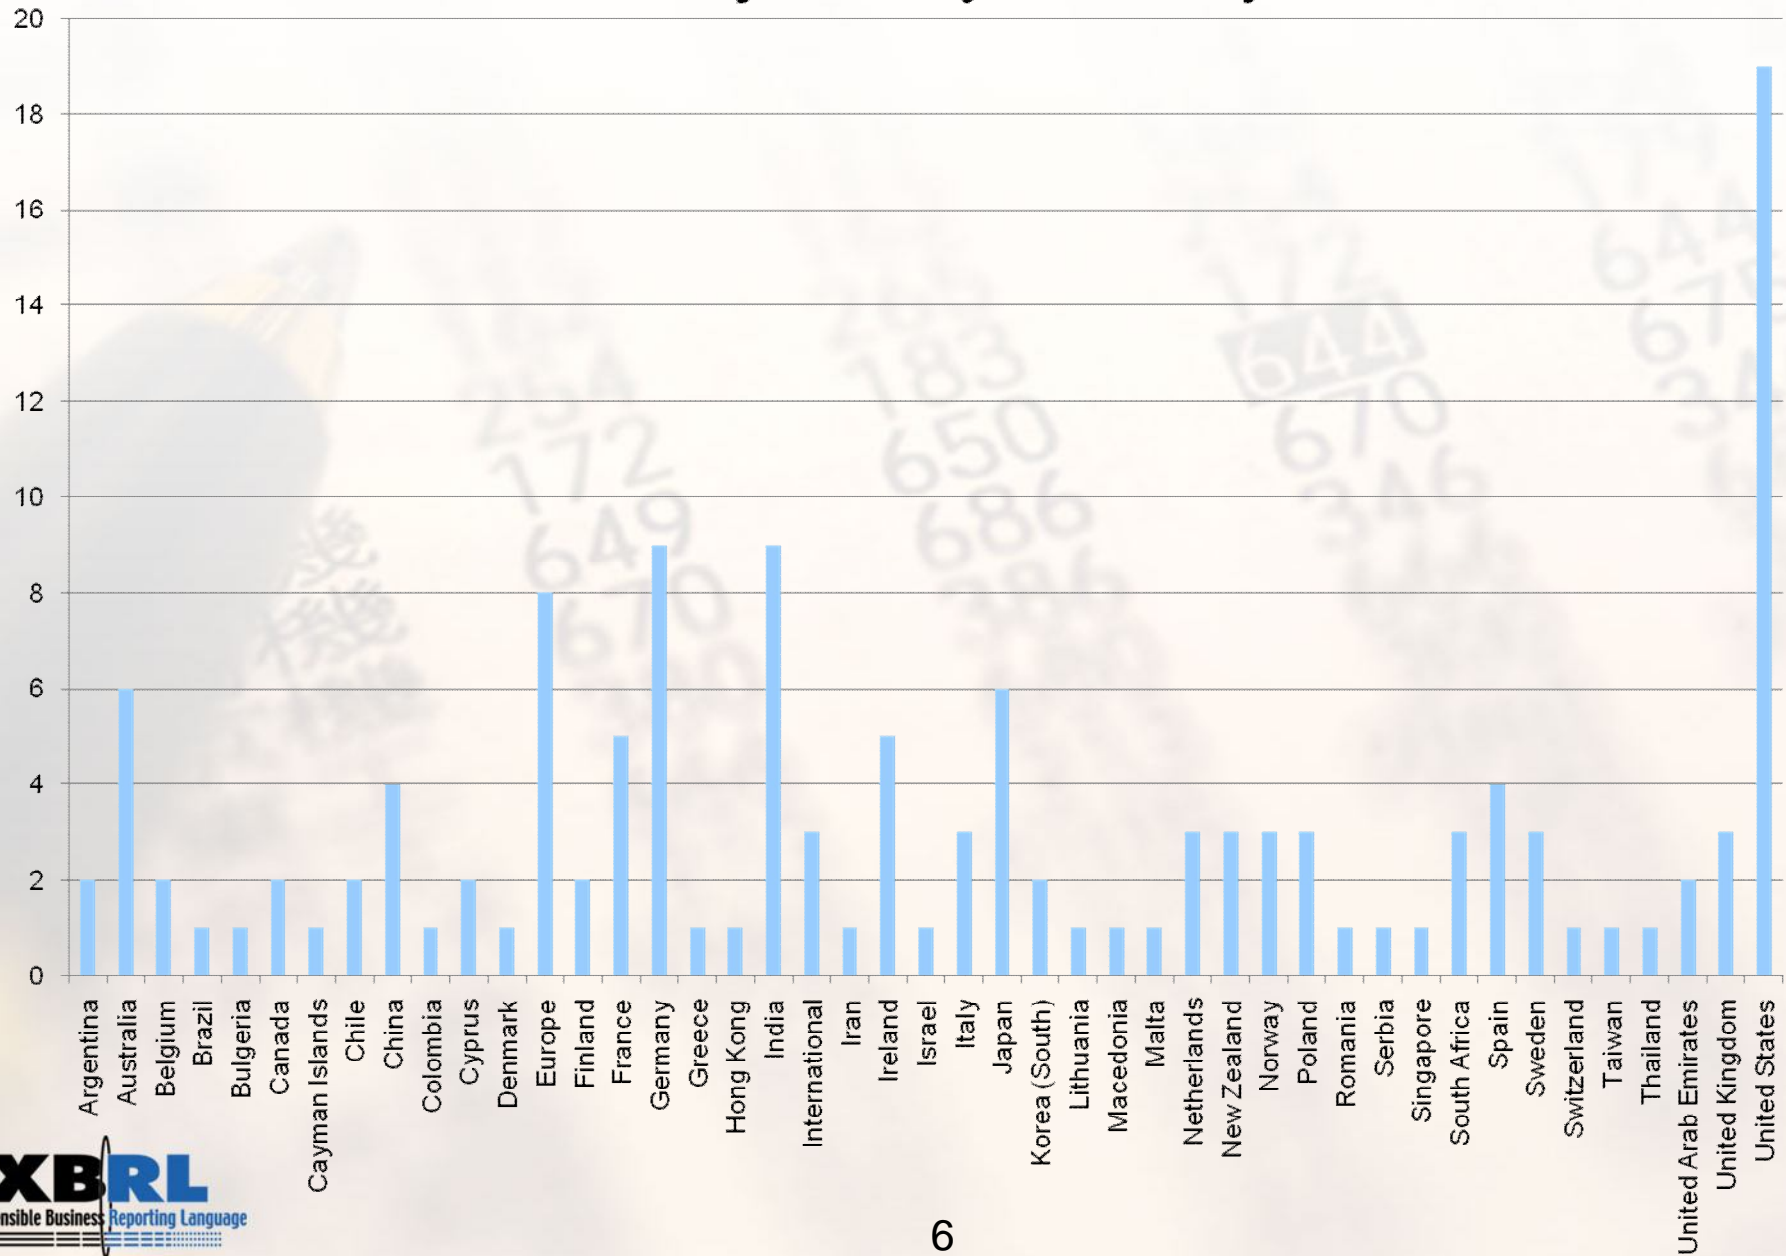

■ Countries seeking convergence with the IASB on pursuing adoption of IFRSs

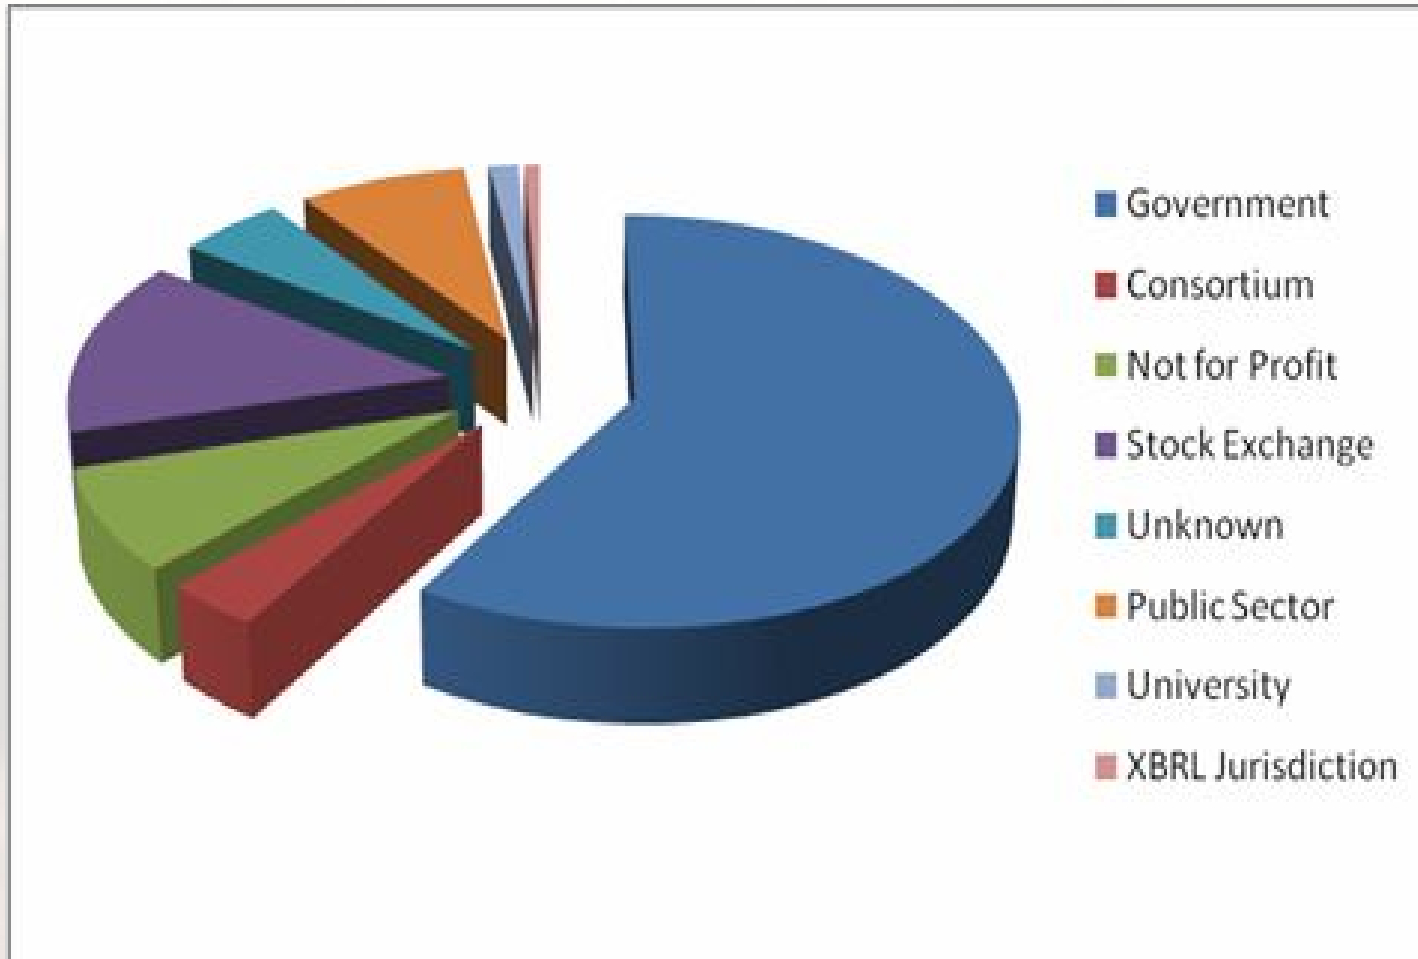

# What we do

- Proactively develop and manage the XBRL Specification as a global standard
- Increase market awareness of XBRL's benefits
- Facilitate worldwide adoption and world-class implementations of XBRL
